

Chiropody treatments

by Paul Fletcher, (M.Ch.S.,S.R.Ch.,D.Pod.M.,BSc.Hons)

Initial Assessment and Treatment: £25

(30 mins)

This will include a full medical foot assessment comprising of a skin survey, vascular and neurological testing, a brief biomechanical evaluation, and treatment. Following this treatment recommendations can be made regarding suitability for other treatments required.

(All new patients require an initial assessment).

Routine Treatment: £25

(30 mins)

Full treatment, plus an update of initial assessment (this treatment will be specifically tailored to your foot health requirements).

Biomechanical assessment: £100

(1 hour)

A full lower limb assessment. Specifically designed for sports people who have lower limb pain or want to improve performance. The session will culminate in a specific stretching programme or strengthening regime and/or advice regarding orthotic provision.

Orthotics:

Sports shoe insole modifications: £5

Simple insoles: £15

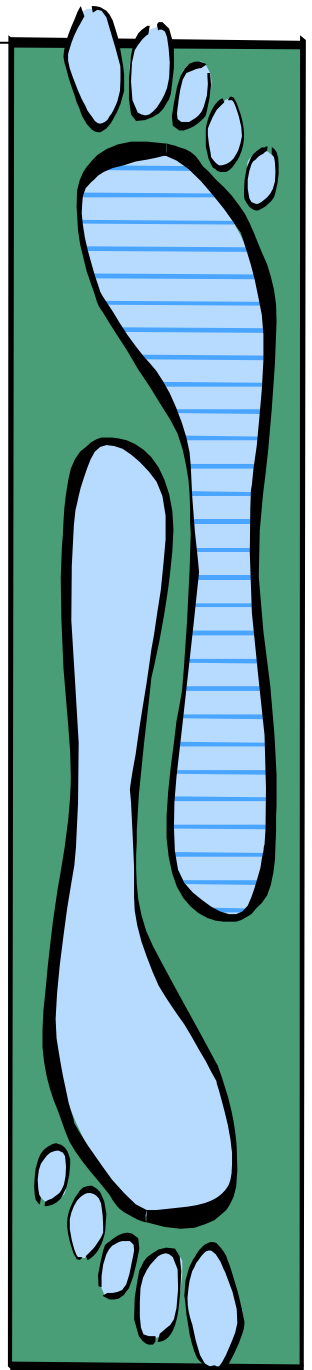

Modified AOL's: £60

Casted Orthotics: £200

Nail and skin surgery: £125

The surgical removal of in-growing toenails or minor surgery under local anaesthesia. The cost of the surgery includes all postoperative dressings.

**Appointments are available between
6pm & 9pm on Tuesdays**
