

Hot Rocks Menu

Not just a meal.....a fun and unique experience!

Once you have made your choice from the menu, your food will be served on a slab of hot volcanic stone so you can cook your food exactly to your liking at your table!

This unique cooking method is healthy as it uses no added oils and it sears in all the natural juices and nutrients, so you can enjoy the full flavour of your meal.

Just a word of caution - please do not touch the stones as they are extremely hot and can remain so for a few hours!
